

# *La Via della Bellezza*

## *The Way of Beauty*

This project involves young people interested in the **rediscovery of wonders and the artistic heritage** of some churches in Milan.

Youth on “The Way of Beauty” announce **the Gospel through art**.

After a specific training, young people tell the Beauty of the Gospel **by guiding visitors to admire and contemplate the artistic wonders** in some churches in Milan.

The "Beauty Announcements" are **free and open** to all interested individuals (both young and adults).

In the main page of the website, there is the list of churches in Milan with the dates and times of the "open weekends" (no reservation required) during which, by visiting the location, you will find young people to accompany you.
